

# General Butler State Resort Park Dinner Theatre

*Presents*

## *Johnny Cash & Willie Nelson Tribute Act*

*"The Man in Black & The Outlaw"*

**Saturday, November 8, 2014**  
General Butler Conference Center

Performed by  
**Gray Sartin ... Johnny Cash "The Man in Black"**  
&  
**Mike Owens... Willie Nelson "The Outlaw"**

Gary Sartin from Lawrenceburg, Georgia and Mike Owens from Louisville, Kentucky will recreate fond memories of honky tonk tunes that made county music so heartfelt popular and raw! Both entertainers are highly accomplished singer/songwriters, and truly portray the kindness and good-hearted nature of both Johnny Cash & Willie Nelson. Both say that county music fans is what drives them to perform! Each performer likes to shake hands and talk with the folks in the audience before, during and after the show. It's during these few moments that fans share personal feelings about their honky tonk heroes. Some people have come to tears while thanking us for playing a song that reminds them of a great memory. It's about creating memories, most can sing a verse from Good Hearted Woman, to I've Been Everywhere Man, or even On The Road Again. Why? Because they were experiences sung from the soul of men who lived the hard and good times. Fans will tell you; lyrics are words on a musical scale, it's when one's soul is exposed when memories are lasting!
